Re: Water Loss Claim

Dear Josh,

I am writing to express my appreciation for the exceptional service provided by The Greenspan Company / Adjusters international, who assisted us through a challenging period involving significant water damage to my mother's home.

The prospect of dealing with an insurance claim on top of trying to remedy the physical damage was daunting, to say the least.

From our first interaction, Greenspan's team demonstrated a high level of professionalism and understanding of their field.

You took the time to inspect the damage meticulously, detailing and documenting everything for the claim. Thoroughness ensured that we did not miss any pertinent information that could affect the compensation amount.

One of the things that impressed me most about Greenspan was their exceptional communication. You clearly explained the entire process, addressing our concerns and answering our questions in a patient and respectful manner. They kept us updated about every step of the claim process and made sure we understood what was happening.

Because of Greenspan's commitment to our case, we were able to recover the funds that were due to my Mom.

If you are seeking the services of a public adjuster, I recommend The Greenspan Company / Adjusters International. Their professionalism, knowledge, and empathy are great, and I am certain you will not be disappointed with their service.

Sincerely,

Debbie Zilcha
